They say the Porter family who lived here are dead, yet there are no bodies to be found.

Don't you find that peculiar?

Furthermore,
a mysterious light
travelled towards
the west...

I've been using my
spies to obtain this
information, since I have
not received any reports
regarding the incident.

Are you, perhaps,
hiding something
from the Kingdoms?

...Lord of
the Middle?

*Of course not,
My Lord! I have given
you every last bit of
information that I
have!*

Then why did I
not receive those
reports?

As you know, I do
not have any...

Hey, I know
you like Rinana...

you always want

A man must
know how to show
proper manners to
a lady.

For instance,
leaving the door

can sleep in peace.

is one
of the most
fundamental
things.

TLN: KAAA, that guilt drip on Reana's face

Why did I
do that earlier?

I could have just

going to meet up with
Mr. Kusanagi...

But for a moment, as sharp
pains struck my chest...

Why did I...?

Ms. Karin is... probably
trying to get to know me

I suppose that's why she
called me out here alone.

I need to know.

Welcome.

Being a
Ryuman means
that...

...you're
able to control any
Dragon Artifact...

...and create any
Dragon Artifact...

You have the ability to
disregard the power of
the Artifact as well as place
any restrictions on it.

You could
even say that it is the
greatest honour that
could be given to a
Ryū's forces

Wouldn't you say so?

Why did you
call me home so late
into the night?

Do you want
something from me?

"Do I want
something,"
you ask?

I cannot help
my curiosity.

What does
the Rhyenas
want?

00:04

*...for what you say
now could determine
the fate of our entire
race!*

That may just
be the worst
possible thing...

It's not like
I became the Shaman
because I wanted to...

I can take
advantage of
this!

*The Shaman thinking
and doesn't appear to
have any ambitions.*

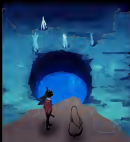

It seems like
I had been talking my
nose out on you also
really doesn't know
anything.

I am, only
apologize for
that.

You have
been studying
the Dragon Arts for
for a long time, but
any information
regarding them
is highly
classified.

*The Shaman never
will let something greater
to work together.*

I cannot disclose
any information
until I know I can
trust you, so you'll
need to prove
something for
me.

Usually they stay in the mountains but in recent years, they've been coming to the forest.

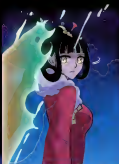

It's dangerous for someone with the Shogun's power to enter the forest.

It's time now to get rid of them.

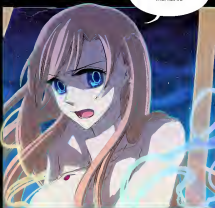

11.4 Kuroki is going from imaginary to real, physical incarnations.

In exchange, I'll have your full time, Ms. Kuroki.

I shall use you...

...and turn you into
a puppet whom I
can control freely.

Thomas' golden
clothes would've
been a big hit...

...but I haven't
seen them since.

Oh, I'll
remember to
bring them
back for you.

That's fine, what I did there?
Okay, I'm sorry.

What's with the
light damage?

It looks
like it's something
like, maybe...

Wow... That dragon really doesn't give a fuck, does he?

From a dragon's perspective, they see the world, so they don't really like physical interaction

The dragon, of course, is a different story.

But this human is not.

Wouldn't
one be able to
do anything else?

Nope, he
just wants to

There let's not
hurry up and
do our jobs.

We need to finish
this up before the
typhoon gets here.

Mirage Beasts

Phantomal beasts that once ruled this land.
They have multiple limbs and eyes,
and each has a unique appearance.

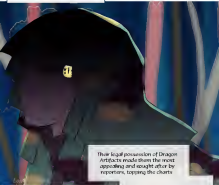

In ancient times, they were fearful beasts
that could only be slain using a Dragon Artifact.
However, nowadays, they are just creatures that
lark in the Blue Forest of Mirage Beasts and
the fields up north.

It has been speculated that the arrival of humans
robbed them of their homes, stopping off their
rule of the world.

-Hollan Magazine 32nd Special Issue
(Beast Chart)

Those who hunt in this forest are
known as Mirage Beast Hunters.

Their legal possession of Dragon Artifacts made them the most appealing and sought after by reporters, topping the charts

However, none of the reporters who sent for them returned. They soon topped the charts again - this time infamously known as the most dangerous subject to report on.

Strangely enough, I met them relatively easily and managed to compile a report on them without too much trouble.

How did I get there?
What happened?
...Was it just a dream?

Did you feel something...
strange while being here at
the Hunter's Village?

The fact that all
my memories flew away?
Well, I'll have to go back
and ask, but...

There are no children
in the village.

There are adults, and
only adults who were fit
enough to make it through
the depths of the forest.

This is where the
strongest hunters so
that Village Scouts of
lower abilities will be
able to live.

Those who came into the forest
will have their body eaten away
from there and die.

What's more is that...

Do I even have a
say in this situation?
I can't speak for
myself...

I'd been expecting a
secret waiting to be revealed, but
after a bit of investigating, there
wasn't anything out of

At least I was able to save those people...

Mr. Kuzon, why did
you become a reporter?
Did you have a particular
reason?

Mimes ... My bloodline
has been renowned for
producing legendary
adventurers.

However, some time ago, the
Kingdom came into power and
put a halt to all adventures.

Ever since we've
been stuck in the south
barring most of the
town.

I don't know if it's
just in my blood, but looking
at the earth every day was
mundane.

and the daily paper was
my only connection to the
outside world.

So I asked my acquaintance
who was also a writer to get me
into a newspaper agency.

I've been blabbering on
a bit too much, haven't I? I'm
just too comfortable around
you, Ms. Roma.

Mr. Kulture, you
are one with a great
thirst for knowledge.

Once you have
a goal, you'll be
sure to succeed.

However, I'll be
taking the memories
of your stay at the
forest.

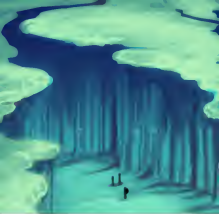

Also, you
cannot return.

Can you ensure
that for us?

The Blue Forest of
Mirage Beasts...

The reason why we
lost most of our power
on this continent is
because...

...the dragons
have departed
from this planet.

Just as plants depend on
the sun's light to photosynthesize for
their energy, Mirrage Beasts depend
on the Dragon Jewels' aura for their
energy to live.

Can you
see BT?

No, that is
not the case.

Even on the most
powerful beings.

we live under the
influence of the dragons
and serve them.

If the dragons depart
from this planet, our kind
will become extinct.

A strange event...

...led to the birth of unusual
offspring called "Lilith".

They had no individuality
and could not take the form
of a humanoid.

We worked and
worked to protect our
future

The Hunter's Village
is the outcome of our
research

The reason why
we used a human's body
as a vessel is because...

...we were certain of our
race's impending doom.

However, that is no
longer necessary if there
is a dragon nearby.

The two of you
are like miracles
to us.

U... Is that so?

The elders are waiting for us.

Abide in the Wind

Episode 2 - The Blue Forest of Miraga Beach

Story • Art

John Wood

*The servant of the
Dragon Lord committed
a crime as grave...*

*...that he became
bound to it as punishment
for his actions.*

*While I am in the
dark regarding his current
physical appearance,
he is most certainly
not to be trusted.*

*Then, I pray that
you do not believe his
words and stay away
from his suggestions.*

ha!

*you dare to speak ill
of him without knowing
him personally?*

*have you already
forgotten what you had
done to madam
munyak?*

*your race caused
loed kreak to be sound
to this planet!*

*enough of your words!
it's all enough!*

By, say. Now that
you've been locked
into a corner, your
mind has slipped

I've heard that your
memories get reset
after being locked
to the Dragon Jewel,

but I suppose your
true nature won't
disappear so easily

He appears to
offer you advice while
hiding himself

However, that just
shows his lack of a
clear conscience.

indeed i have lost my memories,
but i have heard and witnessed things with those eyes and ears

who do you think
you're trying to fool
with that silly tongue of
yours. trying to block
our linkage?

you are beings
of pure darkness!

Isn't it
natural to cleanse
a corruption?

If you think that
covering up your
crimes would be
enough, think again.

I will most surely wipe your
mouth and reveal your
true human nature.

What's
happening?

Uhh... You
two should make
down and...

madam reana!

my slumber over
the centuries seems to
have caused me to
make a mistake!

although that they
would have tried to stone
for these past sins,
not my hesitation...

...has put you in a
vulnerable situation
across the road,
and i humbly ask for
your forgiveness!

however, those beings
are trying to use you
to do their bidding.

we do not need to
stay and listen
to them any
longer!

we should leave
immediately!

A dark, atmospheric scene with a woman in a red dress and a man in a blue robe. The woman is in the foreground, looking back over her shoulder. The man is in the background, looking towards her. The scene is set in a dark, possibly underground or night-time environment.

Madam Rhyennas.

**He is a
murderer.**

When he saw
a man, he killed
his own kin...

and collected an
immense amount
of treasure to strike
at the dragons.

His path tore
through the sky
and reached even
the heavens.

It was deemed to
be too great to be
granted death, so he
became bound to the
Dragon Lord as a
servant forever.

However,
the power in
symbol is stronger
of this, and possibly
in his world like
weapons.

His weakness
far exceeds that of
which his Dragon
would approve of.

Mightn't you
consider disposing
of him here and
now?

I will not
tolerate any further
impropriety.

His horns!

Dragons only
do that when they
wish to enforce
their will...

...but it is
also taken as
a threat.

I just wanted to see
that monster's reaction, but
I didn't expect the dragon
to show his 'horns'...

I must tread carefully...

Well... I don't know
what exactly happened
between you two in
the past.

but I don't think
looking at each other
like that will solve
anything.

I am looking
for a parasitoid.

A parasol left by
a certain dragon used
that Artifact to leave
Kamoh.

My objective is
to find that parasitoid's
core and destroy it.

I hope you
will assist me.

"Wound Destruction"...
then what?

She's hiding something from us.

Regardless, she is
just a human. We
do not need to abide
by her every order.

There's no need
to reveal all our
cards.

I can just subdue
that servant with
Karin...

A parasitoid?
I can't believe
they're still
around...

Certainly, Madam
Mangpak looked rather
ill the last time we
saw her.

...you led him to
her demise.

She was on the
verge of giving someone
because she was
betrayed by her
Kiyemai.

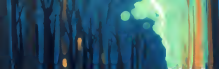

Then, she entrusted
Aisak to that person
and included herself.

severing all
connections to
the outside
world

That was 300
years ago.

If that personhood
is moving around
freely, I promise
Madam Mangpak has
left this planet
already.

You may be able
to find more clues
if you go to where
she resided

I thought this would be
all over if Kalrak left
this planet.

We will...

... become extinct
if all the dragons
leave this planet.

If... that is...
what... Reona
wishes...

Didn't you know?

He is nearly devoid
of all emotion.

he is easily
influenced by others.

so he will change
according to your
wishes.

if you wish for him
to leave this
planet...

*...Don't force
that responsibility
onto me,*

*...you just have to keep
saying that he has to...*

*and think
for yourself!*

Looking back now,

I'd have to
tell her to leave that part
out later on.

...I might've been blaming Kainak
for everything that's happened

I'm on
left.

There's
nothing to gain
from getting mad
at him.

I didn't think about
how he felt...

...and I still can't guess how he feels

That alone... I don't know how he got out, but since he is an Abyss, he is bound by the procedure for mothers.

Let those people go. I will take care of them.

We've taken care of the reports by this person and avoid his inquiries, so we should be safe.

The real problem is here...

Irrationality?

All dragons have something that will make them act irrationally.

We showed these dragons exactly that dragons will act irrationally.

In Miyuki's case, it was her affection.

Really?

We simply showed her a mirror where her dragon slept with another, and she kept him away immediately.

Irrationality!

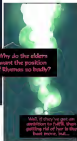

How the Ripenas

How

Why do the elders

It was when Mugi touched her hands, right?

Episode: Bolton

The New Continent's Aloom soldiers are very similar to humans. However their ears are pointy and they age slowly.

They have reduced sensitivity to diseases, so you must take care of them quite carefully. Their kind nature and great physique all around makes them very useful as slaves.

Amamaguni

Part

What is a slave?

Is it something like a maid or a tutor? Do you have to hire them?

No, a slave is
something you own
once you buy them...

Once they're bought, you can do
whatever you'd like to them.

This is the
payment for your
useless slave.

In other words...

Take this and get
out of my sight.

...it would be completely fine if you killed them.

You guys are
not pigs or cows,
but humans,
aren't you?

No. How can it
even trust pigs
or cows that way
How could
you...

In this continent, if
you have pointy ears
you're bound to be
a slave

you'll be treated
equal to... or lower than
farm animals

**But Hick, you're
a human!**

*Just because your

little differently doesn't
make you non-human!*

you because of something

I haven't used my

here.

Episode 3 Labyrinth of the Ancients

...According to the elders,
Madam Murayok had Lord Kairak
approximately 100 years ago.

However, due to various
complications, she was
mentally unstable.

In fear that it would affect
Lord Kairak, she boxed a servant
to the Dragon Jewel and sealed
him inside a barrier.

She herself went into
hiding, and refused
any contact with the
outside world.

Afterwards, all we might
could do was patrol the
area, so that she could
rest peacefully.

Before long, the patrolling
missions decreased.

Humans took advantage of
this and went into where Madam
Murayok rested. They pilloped through
her residence, establishing the
Kingdom Earthside.

I can't believe
the Labyrinth of the
Ancients was closer
to Katak's mother...

I've read about the
Labyrinth, but I didn't know
this side of the story.

How close
the humans
recorded it?

It just mentioned... that
the Labyrinth is a mysterious
place where Dragon Artifacts
can be found.

and that it is
guarded by guardians,
so it is dangerous...

Are there really
guardians in the
Labyrinth?

No, but there is
something we should
be wary of.

If we need to use
force, then so be it...

Huh? What's wrong
with the car? Hey, what's
going on?

Uhh... I don't
know. It just suddenly
turned off...

Wow, you're pretty skilled in this field, aren't you?

It's new technology...

Well it isn't my major, but I often read records about it.

The chain is spinning off the wrong gear. Now let's see...

Thank!

Ohh...

I've never seen that creature before, is it a Mirage Beast?

Yes. Inagrande, all Mirage Beast young look like this. We call them Vies.

1796 Combobite?

I can't...

I made eye contact with it...

Kairak, stop!

It's okay!
I was just a little
surprised.

Easy there... ♪

Oh, the changing color.

Mr. Izu, what's going on?

It's recognized you as its new home, and has changed its colour to adapt to it.

They instinctively search for a safe place, after all.

Why don't
you try raising
it?

Long ago, Rhomas raised
Vero in order to shape them
to their liking.

Wow! That's a
good idea!

If Ms. Rhomas raises
one, it might become an
automobile or a carriage!

I don't know if
I can, since I don't
have any food...

The meat of the Dragon
Jewel is enough food for a
Mirage Beast to live on.

The reason why there
are so many Mirage
Beasts in the forest is

because the trees
contain a lot of the
dragon jewel's aura.

The dragon reacted when his Ryemay was in danger?

Flowerman has stopped when he was told to.

I've heard that a dragon's irrationality disregards the Ryemay's opinions.

Just as they choose their Symon, it is their free will.

I brought her with us since her artwork is pretty useful. Also,

he's got a great personality, so he can lighten the mood.

Well if it's like this, I guess we're in the clear.

Since you're a Vero, I'll call you "Vero".

How could you

I simply wanted to
save as much time as we can
for modern arena, so that

she will not see
down the long journey, it
is at my first attempt to
keep her in comfort.

I cannot trust the
words of a man who hides
himself until he has
something to say.

Wouldn't you
agree?

Didan, I also agree
that hiding yourself is a bit
rude, now that these two
are our companions.

But why do you
look like that?

You have a much
cuter and smaller
form, don't you?

Once we pass
that hill, we should be
able to see our

Wait.

Count Straubin
is making his move.

Did you hear
that from the
Aldoom?

It's an
unexpected
variable that I
didn't take into
account.

I didn't expect
the rock to come
out and guard me...

Keep doing
what I told you
guys to do.

Very well.

That aside,

why are you
resting here...?

The ladies
hate the smell
in here.

Well then,
I'll be on my-

Captain Lupenin,

would you be
willing to donate a
bit of your blood before
you leave?

What?!

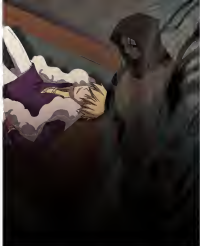

BANG!

My underlings
seem to think that
I trust you.

Well, it's
true...

that you cannot
lie to me on any
occasion.

Though I didn't
think that...

dragons and
Rhyenas' actually
existed.

Of course his
rook would be
moving.

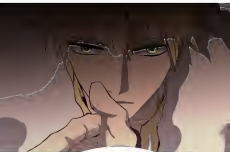

The stage
will be set in
Teresi.

Given the
Labyrinth's
characteristics,

he'll try to
gather them all up to
take them out all
at once.

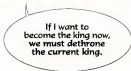

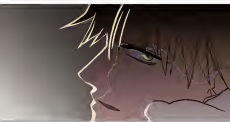

Get rid of
Straubin.

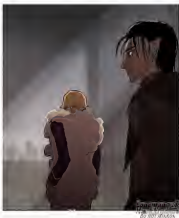

Count Straublin
is the strongest
influence next to
the king.

He's got
power, influence,
connections and
ambitions. He's a
huge mountain to
climb over.

If he's out of the
picture, you could
even say that we're
already half-way
there.

We need to take
this opportunity and
act now, while they're
focused on the dragon's
powers.

In that case...

Editor's and translator's message:

1. Colonel Koneko is a female, not an old man. (laugh)

2. Hek is 99% confirmed to be dead

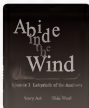

3. Didon's gender is unclear. Korean has gender-neutral pronouns, so it doesn't specify like in English. He, she, her, his and so on.

4. For those who've read ahead using the raws, please keep the "translated discussions" spoiler-free for the other readers. This means no hinting at what happens in future chapters.

It's just proper etiquette. However, discussion about what MCHI happen is fine. Be sure to include a spoiler tag though.

Otherwise, feel free to take it to the "raw discussion" on Batoto. This is also to avoid misunderstandings about the web comic's later chapters.

Any other things you want clarified, leave a comment under the latest chapter or chatango at lunamanga.com

Episode 3. Labyrinth of the Ancients

Story: Art

Shin Wool

In Kingdom Earthside, slavery is legal.

Therefore, even if you buy them, they cannot be freed from their status as a slave.

You cannot be surprised by what you saw earlier.

There are far worse atrocities in the south, where farming is more prevalent.

Those two were
an extraordinary
case of unapertence.

Ms. Reana, is
your objective the
abolishment of
slavery?

That's not
what I want,
but...

Your objective was to find
this paratibold, was it not?
Then we should end the topic
of this conversation here.

Slavery talk
ends now!

Yes.

That aside, we
need to look for another
method to get into
the labyrinth.

its structure stops us
from hiding inside...

we should
just walk in instead
of talk.

since when did
we need permission
from anyone...

I don't know if
your senses have
dulled from your
deep slumber.

but the Labyrinth has
been a militarized zone
ever since the Kingdom's
establishment.

That means we're
in the dark about how
humans have changed the
landscape since then.

I don't mind talking
one-on-one, but are
you prepared to take
out an entire
drain?

if they come by,
we can just deal
with them there
and then.

they're nothing
but worms squashing
beneath your feet to
you. Am I wrong?

Ms. Karin is incredible.

I didn't like the way
she looked at me in
the beginning.

but her abilities are latent...

and she's always very assertive
about what she wants.

I wish I could be
a little more like her...

Your existence is already
a gift unto this world.

You are fine, just
the way you are.

Is he coming for me?

How cute.

Just having you
by my side gives
me strength.

Thank you.

If we could find
a way in, I could secure
our entrance and exit.

Do I need to look elsewhere?

How about
requesting assistance
from someone else?

I overheard
someone asking
to get in earlier.

Who was it?

I thought it'd be fine
if I showed you who
they were.

They ~~did~~ look nice before.

Hehe... I'll have
a look around for
information about
them.

The one who requested a visit to the Labyrinth was a guest of the Richard family.

Their visit has been planned & dates from today. He has a clean record, so I couldn't find any weaknesses.

Ugh, Richard.

They're a rival company that deals primarily with more expensive goods.

They've even gotten their hands on slaves, too.

Python

Richard

It's only because they're one of the three retainer families! They're all born with a silver spoon in their mouth!

I really hate meeting humans over there.

Thankfully, I've found out that there's no one from the Richard family over there right now.

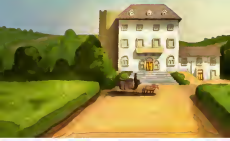

Well then, I'll go and visit them.

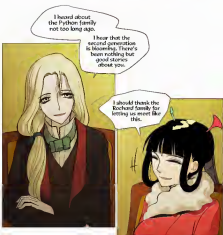

Don't get your hopes up too high.

If he's friends with the Richards, he must have a bad personality or something.

Richard Family's Teresi Vacation House

It could be a setting
to hide his young
appearance...

I don't have enough
information on the old
continent. I should send
someone to gather
some intel.

Thank you again
for your hospitality.
I'll see you at the
expedition.

Thank goodness
it worked out.

Yes, indeed.

That was
soo easy.

Mr. Buxton

I believe it is
time we taught you
how to use the powers
of the Dragon level.

Even if we do
manage to enter,
the Labyrinth is full of
guardians so it's
quite dangerous.

would we don't
want to do something
like that.

that's why we have the
mug as our protection.
and also load it with so
you need not worry...

We must always
prepare ourselves
for the worst.

I don't think it
would hurt to teach
her self-defence.

teaching her...
